

**Update: Honduras Oil spill Response Requirements in force 26<sup>th</sup> May 2018**

Dear Sirs,

We refer to Member Circular [6/2017](#) published in December 2017 advising of new oil spill response requirements in Honduras which apply to both tank and non- tank vessel. The effective date for the coming into force of those requirement was originally stated to be 1<sup>st</sup> January 2018 however that date has been postponed several times.

We have now been advised by the Honduran Maritime Authority that the requirements will come into force on the **26<sup>th</sup> May 2018**. Members are therefore advised to revisit member circular 6/2017 for details of the requirements including OSRO, contract and evidence of insurance (by way of Club certificate).

We are making enquiries with the Honduran authorities as to whether there is any additional information which could assist members in respect of this issue and shall advise members as and when available.

Yours faithfully,  
**GARD AS**

Rolf Thore Roppestad  
Chief Executive Officer
